THEME:

Equipping People in Christ, EPIC 23

The title I feel is significant to us all as we move forward into the next season with God.

We are hungry for God's way out of this season and leading us into the next.

We all desire to step into a new season under the Fire Of God within our lives, and release that anointing to the wider body of Christ. Calling out over the Nations of the earth a clear call to action, a rising into like never before, our Identity in Christ Jesus. Releasing within us the same power that rose Christ Jesus from the dead into an army of wild, laid down lovers for Jesus, igniting Hope, Passion and Power into the body of the Church.

The year of 2023 being the culmination and releasing of us all into the New Season.
